Business Card Slitter Comparison Sheet

The slitters shown below are all production grade machines made in the U.S.A. by RB Sun manufacturing. These are some of the most popular units used in the industry, and will provide you with years of trouble-free service. Choose by the format you normally print. If you are just in the planning stages of going into higher volume business card production, you will find that the right slitter will turn out to be your best investment. Feel free to call for help with your choice; **800-341-6650**.
